Across

- Plant part containing a seed.[5]
- Male reproductive cell.[5]
- Time of male and female sexual changes during teenage years.[7]
- Organ on uterus wall where umbilical cord attaches.[8]
- Female process commonly called "periods".[12]
- Form of reproduction where joining of sex cells occurs.[6]
- Part of flower that produces pollen.[6]
- Female sex hormones are oestrogen and ____.[12]
- Female reproductive organ.[5]
- Male sex hormone.[12]
- Non-identical twins are called ____ twins.[9]
- Bacteria reproduce asexually by binary ____.[7]

Down

- Human pregnancy is about ____ weeks.[5]
- Male reproductive organ.[6]
- Form of reproduction where no joining of sex cells occurs.[7]
- Scientific name for conception.[13]
- Fluid containing sperm cells.[5]
- Umbilical ____ attaches between mother and unborn baby.[4]
- Gland in males that makes semen.[8]
- Time when the female menstrual cycle ceases.[9]
- Scientific name for pregnancy.[9]
- Cycle of female reproductive system.[9]
- Medical name for an egg.[4]
- Another name for fallopian tube.[7]
- Process of release of egg from ovary.[9]
- Single fertilised egg cell.[6]
- Stage of unborn baby before foetus.[6]
